

At a special meeting of the South Austin Youth Soccer Association general membership held on April 5, 2004, the proposed merger between Austin United Soccer Club and the Capital Soccer Club was approved by a 10 to 1 majority. The Capital Soccer Club has also approved the merger, so we are now on track to finalize everything by the end of April 2004. Tryouts for the upcoming 2004-2005 season will be held by the combined organization.

The combined organization will be called the Austin United Capital Soccer Club, and will become the largest youth soccer club in central Texas with more than 3,000 players. Wolfgang Sunholz will become the Director of Soccer for the club, leading a staff of experienced professional trainers and dedicated volunteers as we look to a future of excellence in soccer and sportsmanship, on and off the field.

Please look for more information on the web site in the days and weeks ahead as we make plans for the upcoming season year, prepare developmental opportunities for players, coaches and referees, and continue to improve our three dedicated soccer facilities.

Thanks for your support and participation!
